

UNDERGRADUATE RESEARCH: ADDITIONAL RESOURCES FOR STUDENTS AND FACULTY MENTORS

Getting Questions Answered

Starting this year, OSU Undergraduate Research, Scholarship, and the Arts (URSA) is hosting regular drop-in undergraduate research advising hours. Students can also reach out to URSA's team of Undergraduate Research Ambassadors to set up one-on-one meetings. We can answer questions about presenting research, keeping a lab notebook, finding funding, looking for mentors, and more! You can find information about our Ambassadors and drop-in advising here: <http://undergraduate.oregonstate.edu/research/getting-involved/undergraduate-research-ambassadors>

Presentation Opportunities

Undergraduates at OSU have the opportunity to present their research at two events each year - one in spring and one at the end of summer. These are both excellent opportunities to develop important communication skills, network with other students and faculty, and gain confidence when speaking about one's scholarly work! See details at <http://undergraduate.oregonstate.edu/research/presentation-opportunities>

Transcript Notation

Oregon State University recognizes significant engagement and accomplishment in undergraduate research and the arts by awarding an honor distinction of "Research Fellow" or "Arts Fellow" to students in any major upon completion of a significant research or creative arts project under mentorship of an OSU faculty mentor. The distinction will be noted on the student's transcript, and the student may wear a blue honor cord at graduation ceremonies. Please see guidelines for receiving Transcript Notation at <http://undergraduate.oregonstate.edu/research/transcript-notation>
