

What You Need to Know as a Readmitted Student

Welcome back to Beaver Nation! As a readmitted student, you are bound to have questions. We hope this guide provides you with key information to begin transitioning back to OSU.

Activate Your ONID

Set up your ONID account [here](#). This provides online access to your student information, email, grades, financial account, and OSU technologies like MyOregonState and Canvas.

Use Your OSU ID Card

You can use your existing OSU ID Card upon returning to OSU. If you need a new card, you can request one from the [ID Center](#).

Make an Appointment with an Academic Advisor

Reach out to an [academic advisor](#) to review your academic program, academic standing, degree plan, and to obtain your registration PIN. If you want to [change your academic program](#) after readmission, contact an advisor in the college that offers your new major.

Transcripts

If you attended any other schools while away from OSU, send your official transcripts to the [OSU Office of Admissions](#).

Register for Classes

Check the [Academic Calendar](#) for registration dates and, based on the academic plan you discussed with your advisor, [register](#) for classes.

Financial Aid

If you have questions about your financial aid status, eligibility for grants, loans, and other financial aid programs, contact the [Office of Financial Aid](#) directly.

We're happy to welcome you back to Beaver Nation!

Please contact our office if you have any questions.
